ACCOUNTING RESEARCH METHODS

I. SCOPE NOTE

Primarily focuses on two main standards for evaluation: quality and validity. Additionally, accounting research also requires some type of qualitative standard to effectively judge the viability of the research. By considering the differences between various types of accounting research assessment methods, you can determine the specific qualitative methods required by the different assessment methods. <https://smallbusiness.chron.com/>

II. SEARCH AIDS (BT: Broader Term, RT: Related Term, NT: Narrow Term)

BT:

- Accounting Research

RT:

- Experimental
- Analytical
- Archival
- Empirical
- Qualitative
- Quantitative
- Quality
- Validity

NT:

- Empirical Assessment
- Quantitative Assessment
- Qualitative Assessment
- Experimental Method
- Analytical Method
- Archival Method
